Sunday 17th May 'Ra88'

Turn your hymn books to **ROCK!** The most radioactive of tracks with a half life of sixteen centuries; it's elemental and it's the heaviest of metals. **Ra88** : It's radium.

Sunday 21st June 'Babel On'

The opening track to the whopping forthcoming double album '**Babel On**' is the portent of things to come on the record. Full of trademark psychedelia, signature thunder and classic **TSOOL** riffery.

Sunday 19th July 'Flipside'

Aptly illustrating the flipside to **TSOOL**. This is a perfect mellow summer sing along. Showcasing why the Swedes do pop best.

The band will be returning to the UK shores for various live shows and festivals throughout the year. Kick starting their UK campaign and playing in the UK for the first time in over 3 years, **The Soundtrack of our Lives** will be playing a very special and exclusive one-off show on :
